

A Journey of Luminous Transformation

Join Marian Vitali and Patricia Shannon to usher in 2012, the year of oneness, awareness and universal consciousness. Be part of a Shamanic Intensive to take the next step in your personal journey and spiritual evolution.

The Ancient Medicine Teachings and Munay Ki Rites

The Time is Now! In this year of unprecedented change and awakening, walk the Medicine Wheel with us and see your path more clearly as one of service, compassion and power. Over the course of these 4 months, you will:

Walk the Incan Medicine Wheel with the ancient medicine peoples.

- The Medicine Wheel - a sacred map showing us how our journey relates to all of creation; a map to help facilitate the flowering of the Munay Ki seeds and our own personal power.

Receive the Initiation Rites of the Munay Ki.

- The Rites of the Munay Ki – Nine initiatory rites, handed down for generations by the Incan and Q'ero Shamans of Peru. These Rites are transmitted energetically into your luminous field to guide you on a path of rapid transformation. Munay Ki translates as “Be as Thou Art”.

The core of the program connects you to a spiritual lineage beyond any one culture. It has the potential to transform your heart, your community and our earth. Each session engages you in intuitive healing, guided shamanic journeying and sacred ceremony. As you walk the Wheel and receive the Rites, you will continue to heal and acquire tools to help you live more consciously.

- Session 1 - Way of the Hero: You shed limiting thoughts and beliefs.
- Session 2 - Way of the Warrior: You step beyond fear to peace.
- Session 3 - Way of the Seer: You embrace your spiritual path.
- Session 4 - Way of the Sage: You own your power to co-create.
